

International Programme 2012

Open / Women / Senior & Youth

Bulletin Two

6 December 2011

1. That there may be unforeseen reasons why a pair cannot play in one or more of the Island Team events and to cover this International Committee have formulated the policy detailed below:

(a) Where there is a medical reason acceptable to the selectors it should be supported by a medical certificate from a doctor or specialist.

(b) That pair would not be eligible to win automatic selection as first pair but would still be eligible for selection.

(c) Any pair unable to participate in two events may still be eligible for selection provided they meet the requirements of (d) below.

(d) Where other exceptional reasons exist for non-attendance such as death in the family then those would be considered by the selectors on a case by case basis.

2. At this point the location and timing of the Mind Sports Games in 2012 is not confirmed but possibly will be Strasbourg, France in the two weeks from 12 August 2012. However nothing is concrete yet.

3. The NZB financial contribution to players has yet to be determined.
