GENERAL

- Automation of the Intermediate and Junior League – Giles gave a short presentation on the great work Bob Fearn has done to set up the leagues to have it possible to update them in a less manual way. They look great and will work brilliantly but will require all the clubs to submit full text copies of the results. The new look results will be loaded to the website and after a time feedback will be sought from players.
- Richard Solomon email – the committee discussed the board’s role in the Regional Conference. Concerns were raised over the conference being too board orientated with too much ‘talking at’ the participants. Fiona will raise these concerns with Richard.
- IP Team follow up – The teams have been formed and we are very happy to have Kris Wooles on board again as CDM.
- Inter-Club teams – good organisation with Ashburton. Awaiting entries from clubs.
- Governance and Organisation review – the committee gave Fiona their ideas for her to pass on to Anne Barrowclough.
- Helen and Judith to discuss catering for the Regional Conference.
