Please note that this is the first round of a knockout competition and you must be available for subsequent matches, as well as for the final at national congress, in case you are lucky enough to get that far.

Entries Close: 4th April, 2021

A random draw will be done on the day amongst those who wish to play their first round in Putaruru. Other pairs will be advised of their draw at the end of the day. Subsequent rounds will be played as per normal with the venue and date agreed on by the 2 pairs.
