

How to add LIN files into BBO

Unfortunately there is nowhere where we can place these files for you on BBO. You have to add the hands in your own Account

1. Open your Account
2. Click on "Deal Archive" (see below)

Profile Settings Convention cards Deal archive

Bridgenut 9

Password ***** Required Max 10 characters 8/10

Profile Settings Convention cards Deal archive

SELECT FOLDER

Checkback Hands
Improver lesson 1
My favorite hands

SELECT DEAL

Hand editor Import LIN file

3. Click on the plus sign at the top right of the Deal Archive
4. In the Untitled Folder created, give the folder a name (eg Improver Lesson 1)
5. Highlight this folder and go to the bottom of the page and click on "Import LIN file"
6. The following small window pops up on the left of the screen (see below)

Import LIN file

Bridge Base Online - Web version LIN games uploader

Source file: Choose File No file chosen

Import

Choose the file you wish to load and import it. Once you have done this, a message will appear in yellow telling you where the files are located eg

Source file(NZBImprover01-Stayman.lin)-> 8 games were successfully uploaded into folder:Improver lesson 1 for username:k1w1

SELECT DEAL	
Board 1	 
Board 2	 
Board 3	 
Board 4	 
Board 5	 
Board 6	 
Board 7	 
Board 8	 

<<< Once you have done this, the hand will appear under "SELECT DEAL", but often you have to go right out of your profile and back in again to see them.

If you go back to the Home page on BBO and select Practice then either the Teaching or Bidding table.

Set up a table of the people who are participating. We do not recommend you use robots, as they play Standard American and these hands are designed for Acol and conventions played in NZ.

To load a table

Firstly, turn on Permission to kibitz and required to play. This is so you can manage who is at the table and no random player sits at the table.

Once permission to play is turned on, the locks appear at each seat.

You do not have to fill the seats here, but usually the best way to manage your table.

Click on a seat you want a player to be.

<<< In the window that appears, type in the BBO name of the player, then press OK. Repeat for the other seats. Once all seats are full, press "Start Table". An invite will go to the players you selected.

If you do not place a person at a seat it will remain vacant when you start the table and can be filled in then. **NB:** They MUST be online to accept the invitation

You can now load your selected files once the table has started. Click on the 3 bars in the blue panel and the pop up has several options you can choose. Select Deal Source and find the files you wish to play.

Click on "Use saved deal" then click on the folder you wish to use then click "select" circled in the example below.

Once done, exit this window >>>
then return to the blue box above and click on "Redeal"

This will bring the hands you have selected to the table.

Good luck and if you need help phone or text Karen Martelletti on 027 496 5547
